

**FY 1998 U.S. GOVERNMENT- SPONSORED  
INTERNATIONAL EXCHANGES & TRAINING**

**REGIONAL REPORT**

~ EURASIA ~

In July 1997, President Clinton issued Executive Order 13055, creating the Interagency Working Group for U.S. Government-Sponsored International Exchanges and Training. The subsequent Omnibus Consolidated and Emergency Appropriations Act, 1999, (Public Law 105-277, Division G, "Foreign Affairs Reform and Restructuring Act of 1998," section 2414) reaffirms this mandate and provides a statutory basis for the IAWG's operations. The purpose of the Working Group is to recommend to the President measures for improving the coordination, efficiency, and effectiveness of U.S. Government-sponsored international exchanges and training. The Working Group was also tasked with establishing a clearinghouse to improve data collection and analysis of international exchanges and training.

To carry out its mandate, the Working Group compiles an annual inventory of U.S. Government-sponsored international exchanges and training activities. The *Regional Reports* are statistical compilations taken from the inventory.

The *Regional Reports* contain only information on programs and participants submitted for the inventory of programs by federal agencies and represent an ongoing process. The Executive Order defines international exchanges and training as "the movement of people between countries to promote the sharing of ideas, to develop skills, and to foster mutual understanding and cooperation, financed wholly or in part, directly or indirectly, with United States Government funds." This definition allows for broad interpretation. Some agencies provide information only on "dedicated" exchanges and training programs while others submit information on any activity that could fall within the definition. It is important to note that foreign participants in exchanges and training programs may participate in activities or receive training in a third country. Therefore, it should not be assumed that all these participants travel to the United States.

The way in which agencies manage data varies significantly. While some agencies collect specific information on the number of people they exchange or train with their appropriated funds, many others focus data collection on larger, overarching programs and do not isolate information on the exchanges and training components of these programs. Funding figures are inconsistently available and are not included in this report. Historically, some agencies have had difficulties identifying participants by professional category or field of study. For FY 1998, field of activity was indicated for over 90% of program participants, but professional category information was provided for only 69% of participants. Therefore, statistics on these two categories should be viewed as estimates.

The inventory does not include statistical information for routine staff travel, ad hoc consultations, or travel undertaken for the purpose of representation. Please refer to the Working Group's Annual Report for full program descriptions.

The Regional Report is divided into four sections:

Section 1: Country Tables -- providing summary participant information by country

Section 2: Summary Charts/Tables -- providing information on U.S. foreign participant categories, fields of study, and federal sponsors

Section 3: Inventory of Participants -- by country -- providing details on federal sponsor and program

Section 4: Inventory of Participants -- by federal sponsor -- providing summary information for the region.
