

**FY 1999 U.S. GOVERNMENT- SPONSORED
INTERNATIONAL EXCHANGES & TRAINING
REGIONAL REPORT**

~ WESTERN HEMISPHERE ~

In July 1997, President Clinton issued Executive Order 13055, creating the Interagency Working Group (IAWG) on U.S. Government-Sponsored International Exchanges and Training. The purpose of the Working Group is to recommend to the President measures for improving the coordination, efficiency, and effectiveness of U.S. Government-sponsored international exchanges and training activities. The Working Group is also tasked with establishing a clearinghouse to improve data collection and analysis of international exchanges and training activities. The Omnibus Consolidated and Emergency Appropriations Act, 1999, (Public Law 105-277, Division G, "Foreign Affairs Reform and Restructuring Act of 1998," section 2414) reaffirms the Presidential mandate and provides a statutory basis for the IAWG's operations.

In response to its mandate, the Working Group compiles an annual inventory of U.S. Government-sponsored international exchanges and training activities. The *Regional Reports* augment this inventory by providing statistical compilations of region- and country-specific inventory data. The *Regional Reports* contain information only on programs and participants submitted by federal agencies for the inventory of programs.

The IAWG defines international exchanges and training as those activities that promote the sharing of ideas, develop skills, and foster mutual understanding and cooperation, financed wholly or in part, directly or indirectly, with United States Government funds. This definition allows for broad interpretation. Some agencies provide information only on "dedicated" exchanges and training programs while others submit information on any activity that could fall within the definition. It is important to note that foreign participants in exchanges and training programs may participate in activities or receive training in their home

country or a third country. Therefore, it should not be assumed that all these participants travel to the United States. The ability to track individuals who participate in exchanges and training programs in their home country or a third country varies from agency to agency. Therefore, the IAWG contends that the information contained within this report and the annual inventory of programs does not represent the full scope of U.S. Government exchanges and training programming.

The way in which agencies manage data varies significantly. While some agencies collect specific information on the number of people they exchange or train with their appropriated funds, many others focus data collection on larger, overarching programs and do not isolate information on the exchanges and training components of these programs. Funding figures are inconsistently available and are not included in this report. The vast majority of agencies are able to provide information on participant types and fields of activities. For FY 1999, field of activity was indicated for over 95 percent of program participants, and professional category information was provided for only 90 percent of participants. Despite this high rate of reportage, statistics on these two categories should be viewed as estimates.

The inventory does not include statistical information for routine staff travel, ad hoc consultations, or travel undertaken for the purpose of representation. Please refer to the Working Group's *Annual Report* for full program descriptions.

The *Regional Report* is divided into four sections:

Section 1: Country Tables -- summary participant information by country

Section 2: Summary Charts/Tables -- information on U.S. and foreign participant categories, fields of study, and federal sponsors

Section 3: Inventory of Participants -- by country -- details on federal sponsor and program

Section 4: Inventory of Participants -- by federal sponsor -- summary information for the region.
